

Long Lake Valley Court

The idea for establishing the Court came out of a discussion at the Imperial and District service Club. The Long Lake Valley Court will be owned by the Town of Imperial and managed by the Long Lake Seniors Independent Living Facility Inc, a not for profit corporation. Board members have voluntarily been active in the administration, facility design, property identification, pre-selling units and fund raising.

The purpose of this project is to provide safe, secure and affordable senior's housing. The selected location for this facility is the 400 block of Railway Avenue, a few short steps from grocery stores, pharmacy, restaurant and other services and close to the doctor's office and hospital. Our specific target market is seniors, fifty-five and over, a large growing demographic.

This project will result in many benefits to the community, in that we would be able to keep our seniors in our community with their friends and families, as well, we would free up a number of family homes for young families which would help in solving our local labour shortage.

Donations are being accepted for the construction of the common room, adjoining landscaped park and infrastructure costs. Tax deductible receipts will be issued for all donations. Donation of \$250.00 and over will be recognized on a wall.
